Green screen studio bookings made easy through HBM's self-service portal

We have implemented a new, self-service portal that allows production companies and television stations to book our green screen studios in Singapore and Kuala Lumpur.

In Singapore, users can book the studio dry, with equipment, or with equipment and crew, while we provide similar options for booking our Kuala Lumpur studio. Bookers of the Singapore studio can also pay at the time of booking through PayPal.

Users who bring their own crew and equipment can also book our studios for one (1) or two (2) hours.

Both the Singapore and Kuala Lumpur studios are high speed internet enabled and ready for webcasting through InterCall, Nasdaq or Arkadin, or through YouTube Live and Facebook Live.

Learn more about the studios, as well as make a booking, through our [website](#).

Hong Bao Media provides media solutions for corporate and government clients in the Asia Pacific and Middle East.

Our three core businesses are:

1. Media skills and executive presence training and coaching for senior business leaders
2. Live webcast production from our green screen studios, or on-location
3. Active investments in a portfolio of blockchain and fintech start-ups

We operate two Integrated Communications facilities, one in Singapore's Central Business District and another in Kuala Lumpur's Central Business District. These consist of green screen television studios for on-camera recordings and webcasts, adjoining training facilities for small groups of senior executives.
